

Dear Chairman Cohen Gresko and Distinguished Members of the Environment Committee, I am writing in support of House Bill No. 5145 - AN ACT CONCERNING THE USE OF PORTABLE WASTEWATER CONTAINERS.

My name is Stephen Fenoff and my family, and I have recently become seasonal members at Waters Edge Campground in Lebanon Connecticut. My family and I have been campers for many years now and becoming a seasonal camper is very exciting to us. In the past our family has stayed at many campgrounds that all the use of of portable waste containers. The use of these containers is a great convenience to not just our family, but all families that are able to utilize them. This system provides a quick, safe and effective way to remove waste from the tanks of our camper and also allows us peace of mind to be able to utilize the camper to its fullest without being worried that we may fill the waste tanks.

I appreciate you taking the time to review this request.

Thanks,
Fenoff Family.
